Westerwaldstraße 4  
D-56579 Rengsdorf

Hereby declare in our own responsibility that the product:

**Latex Surgical Gloves, sterile**

Intended purpose: The surgical gloves are single use devices in sterile condition, intended to be worn on the hands of operating room personnel, to protect the patient and the surgeon against contamination and also to provide a barrier for the wearer against potentially infectious material or different chemicals used within the healthcare sector. The gloves are appropriate for use during invasive and non-invasive medical procedures requiring sterility and are designed for use in the environments within hospitals and other healthcare facilities.
